e Borrowing cost:

Borrowing cost attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. All other borrowing costs are charged to revenue.

f Taxation:

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred tax resulting from timing difference between taxable income and accounting income is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognised and carried forward only to the extent that there is a reasonable certainty that the assets will be realised in future.
