SCHEDULE – 8NOTES TO THE ACCOUNTS**Significant Accounting Policies adopted as far as applicable to the firm****1. Accounting Policies:**

The firm has disclosed all the significant accounting policies adopted for computing the income under the head "Profits and Gains of Business/Profession". The said policies have been disclosed from point no. (2) to point no. (10) below.

**2. Basis of Accounting**

The financial statements are prepared at historical cost on an accrual basis.

**3. Valuation of Inventories:**

Inventories have been valued at cost or net realisable value whichever is lower. The cost of inventories comprises of all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

**4. Revenue Recognition:**

The firm recognises revenue only if the same has accrued or arisen in the previous year.

Income from real estate sales is recognized on the transfer of all significant risks and rewards of ownership to the buyers and it is not unreasonable to expect ultimate collection and no significant uncertainty exists regarding the amount of consideration.

However if, at the time of transfer substantial acts are yet to be performed under the contract, revenue is recognized on proportionate basis as the acts are performed, i.e. on the percentage of completion basis.

Determination of revenues under the percentage of completion method necessarily involves making estimates by the firm, some of which are of a technical nature, concerning, where relevant, the percentages of completion, costs to completion, the expected revenues from the project/activity and the foreseeable losses to completion.

**5. Tangible Fixed Assets:****Fixed Assets:**

The fixed assets are recorded at cost of acquisition/construction less accumulated depreciation. The cost comprises of the purchase price net off *[taxes]*, rebates & discounts and any directly attributable cost of making the assets ready for its intended use.

Improvements and repairs are capitalised only if it increases the previously assessed performance of the asset. The sale proceeds on disposal or sale of such asset is reduced while computing the depreciation for the relevant previous year.

**Depreciation:**

The firm claims depreciation on tangible fixed assets from the date the asset is put to use. The depreciation on the assets acquired for less than 180 days have been claimed at half of the percentage.

## SCHEDULES FORMING PART OF THE ACCOUNTS FOR THE YEAR 2018-19

**6. Provisions, Contingent Liabilities & Contingent Assets:****Provisions:**

The firm makes provision for a liability when it has a present obligation as a result of past events; it is reasonably certain that an outflow of the resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

**Contingent liabilities:**

The firm does not recognise a contingent liability while computing the total income.

**Contingent Assets:**

The contingent assets are not recognised till it becomes reasonably certain that inflow of economic benefit will flow. The related asset and income are recognised in the previous year in which such certainty is met.

The provisions and the contingent assets are reviewed at the end of each previous year.
