**WTO 1997:**  
 "The World Trade Organization (WTO) was established in 1995 to replace the General Agreement on Tariffs and Trade (GATT). It is an international organization that regulates trade between nations. The WTO's primary goal is to ensure that trade flows as smoothly, predictably, and freely as possible. It does this by negotiating trade agreements and monitoring their implementation. The WTO also provides a forum for trade negotiations and dispute resolution. The organization has 148 member states as of 2017." (WTO, 1997)
