■ **Figure 1** | The effect of the *h* parameter on the χ^2 distribution of the β parameter. The χ^2 distribution of the β parameter is shown for different values of the h parameter. The χ^2 distribution is shown for $\beta = 0.5$ and $\sigma = 0.1$. The χ^2 distribution is shown for $\beta = 0.5$ and $\sigma = 0.1$. The χ^2 distribution is shown for $\beta = 0.5$ and $\sigma = 0.1$.
