ANNEXURE TO FORM 3CB for the year ended 31st March 2020

1. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

3. Balance in Sundry Debtors, Sundry Creditors and Loans and Advances are subject to confirmation and consequent reconciliation, if any.

4. The report of audit under section 44AB in Form No. 3CB (together with Statement of Particulars in Form No. 3CD) is required to be furnished electronically. However, in view of the constraints in the utility provided for furnishing such report electronically, it is not feasible to prepare and furnish Form No. 3CD giving opinion as the auditor deems fit. Therefore, the Form No. 3CD has been given to the assessee in physical form and also electronically. As such, the Form No. 3CD in the electronic form should be read with the Form No. 3CD in physical form. In the event of any inconsistency between the reporting in the two Forms, the reporting in the Form given in the physical form shall prevail.

**ICDS I: Accounting Policies: Significant Accounting Policies adopted:**

The assessee has disclosed all the significant accounting policies adopted for computing the income under the head "Profits and Gains of Business/Profession" and under the head "Income from other Sources" as per Income Computation and Disclosure Standards (ICDS). The said policies have been disclosed from ICDS II to ICDS X below.

**ICDS II: Valuation of Inventories:**

Inventories of the assessee comprise of Land that is valued at cost & Capital WIP that is valued at cost and proportionate percentage of profit.

The Firm follows First- in-First-out method (FIFO basis) for valuation of inventories. Inventories have been valued at cost or net realizable value whichever is lower. The cost of inventories comprises of all cost of purchase (including any taxes, cess etc.), cost of services, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

**ICDS III: Construction Contract:**

Revenue from construction contracts is recognized on the basis of percentage completion method. The percentage of work completed is determined by the expenditure incurred on the job till date to the total expected expenditure of the contract.

Construction contracts are progressively evaluated at the end of each accounting period. On contract under execution which have extended beyond 25% of stage of completion (the contract work), profit is recognized by evaluation of the percentage of work completed at the end of the accounting period. Foreseeable losses are ignored while computing the income from construction contracts.

Contract cost comprises of all costs that directly relate to the specified contract, incidental cost attributable to the contract as reduced by incidental income, not being in the nature of interest, dividend or capital gains.

**ICDS IV: Revenue Recognition:**

The assessee recognizes revenue only if the same has accrued or arisen in the previous year relevant to the assessment year as contemplated under section 5 of the Income Tax Act, 1961.

Revenue is recognized as follows:

Revenue from sale of goods is recognized when the significant risks and rewards or ownership of the goods have passed to the buyer, which generally coincides with the delivery of goods to customers. Revenue is recognized to the extent there is reasonable certainty of its ultimate collection.

#### **ICDS V: Tangible Fixed Assets:**

##### **Fixed Assets:**

The fixed assets are recorded at cost of acquisition less accumulated depreciation. The cost comprises of the purchase price net of taxes, rebates & discounts and any directly attributable cost of making the assets ready for its intended use.

Improvements and repairs are capitalized only if it increases the previously assessed performance of the asset. The sale proceeds on disposal or sale of such asset is reduced while computing the depreciation for the relevant previous year.

##### **Depreciation:**

The Firm claims depreciation on tangible fixed assets from the date the asset is put to use as per Section 32 of Income Tax Act, 1961 r.w. Rule 5 (1) of Income Tax Rules 1962. The depreciation on the assets acquired for less than 180 days have been claimed at half of the percentage specified under the Income Tax Rules, 1962.

#### **ICDS IX: Borrowing Cost:**

The borrowing costs that are attributable to the acquisition or construction or production of qualifying assets are capitalized as part of the cost of such assets till such assets are put to use. The funds borrowed specifically for the qualifying assets have been capitalized from the date of borrowing and the borrowing cost for the general borrowing is computed and capitalized in accordance with this ICDS.

#### **ICDS X: Provisions, Contingent Liabilities & Contingent Assets:**

The firm makes provision for a liability when it has a present obligation as a result of past events; it is reasonably certain that an outflow of the resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

The assessee has not recognized any contingent asset or liability during the previous year and hence the disclosure requirement as per said ICDS is not applicable.
